### Think, Find and Write

- 1- Name eleven members of Sitamma's family who live together. Are there any other members of the family living with them who are not named?  
-----
- 2- Find out and write how the families of Tara and that of Kaveri are different from the family of Tanya.  
-----
- 3- Find out and write the probable reason why Kaveri's mother does not stay with them. There may be more than one reason.  
-----
- 4- Write how you will play the 'Tell How Many' game in your class. Also decide the number to be called the first time if you want the children to form groups so that at least two children are left out.  
-----
- 5- Just like Sitamma's family tree shown in your textbook, draw the family tree of Totaram, showing both his family in Mumbai and the family in their village together in one tree.  
-----

6- In each of the pictures given below, a family is shown. Answer the questions related to each family. If you do not know, ask the elders in your family.

(i) (a) What is the relation between the three family members shown?

-----  
(b) Why are all of them here?  
-----

(ii) (a) What is the relation between the four family members shown?

-----  
(b) Why are all of them here?  
-----

(iii) (a) How many family members are shown in the picture?

-----

(b) What are they doing?

-----

7- Draw your family tree in the space provided and answer the questions that follow:

(i) With who do you like to be more in the family? Why?

-----  
-----

(ii) With whom do you like share your feelings?

-----  
-----

(iii) What activities are done together in a family?

---

---

(iv) Write about the changes in your family in the last one year.

---

---

8- Families are special. In the given pictures, different types of families are shown.

Single parent family (mother)

Single parent family (father)

Nuclear family

Joint family

Write few lines about your family.

---

---

---

---

---

---

---

9- Put a 'tick' on those sentences which tell the various things that happen in families.

- (i) Members of a family often resemble each other.
